BEN FRANKLIN SOCIETY
FUND-RAISING EVENTS

JAN-FEB 2017

FELLOW SOCIETY AND FUTURE MEMBERS -

Now that the Holidays, Inauguration and Super Bowl are nearly behind us, we have scheduled the Kick-off of our 2017 monthly BreadWorks Fund-raising Events with a Sunday Brunch on February 19, 2017 at 1:00pm.

Our BreadWorks Dining and Entertainment Events are designed to be memorable social activities that build strong friendships the Ben Franklin Society way "by bringing people together, face-to-face, to improve ourselves and the world around us."

BreadWorks is a private club exclusively for Society Members; however, everyone is welcome to join our Society. We are a non-political, non-religious Franklin County Non-Profit organization. Membership dues are incredibly affordable (see Page-2). Although Individual and Guest memberships may always be purchased "at the door", we encourage you to pay your 2017 Annual Membership Dues at this time. Associate, Family, Group and Corporate Memberships categories are also available.

It should be understood by everyone that the Ben Franklin Society is "inclusive" and works hard to "reach-out" and welcome everyone from a broad geographic area. Over 80% of our 600+ Members reside outside of Franklin County!

Join us so together we can continue to make a positive contribution to our community. Read about our latest activities on the Society News Page-2, and the Spotlight on our Early College High School Sponsorship Project on PAGE-3. WRAL-TV had a great interview with ECHS "Super Seniors" Peter and Paul Caroline - check out the video on www.wral.com

Our Affiliated Member Organizations are displayed on Page-4. Encourage your employer, or other organizations to which you belong, to become an Affiliated Member Organization. Please explain the great benefits of doing so to them.

Support one of our many community service initiatives - attend an upcoming BreadWorks Fundraising Event, renew your annual Society membership, donate books and supplies or volunteer to be a career advisor for our Early College High School (ECHS) project, join our Cabin Book Club, help with our County Mill Site Inventory or support our Affiliated Member Organizations (See PAGE-4).

Your support is essential if our community service projects are to continue *enhancing the educational, cultural and economic development of Franklin County by leveraging its natural and historic resources.*

I hope to see you soon at one of our upcoming BreadWorks Events.

PROJECT SPOTLIGHT

JAN-FEB 2017

Bravo! Early College High School

Twin Brothers Set Their Sights on Success

Peter and Paul Caroline are both “Super” Seniors at Franklin County’s Early College High School. The 18-year-old twin brothers are going places, as each of them received QuestBridge scholarships, valued at over \$300,000 each, and have been accepted into two of the nation’s most prestigious universities.

Peter, who’s just 23 minutes older than Paul, will attend Stanford University in Palo Alto, California next Fall and plans to study Biology and Biomedical Science. Paul will attend the University of Pennsylvania, one of just 8 schools in the prestigious Ivy League that includes the likes of Harvard, Yale, Princeton, and Brown, just to name a few. Paul has set his sights on Cell and Molecular Biology, and it’s clear that both brothers have a knack for science.

According to their website, QuestBridge is a national non-profit scholarship-granting agency that works to connect the Nation’s most academically exceptional, low-income students with top universities. The scholarship not only covers the cost of tuition for the pair, it provides for their college expenses in entirety, including a stipend for students to live on and a trip to western Europe during their college career.

As you’d expect, both Peter and Paul are extraordinarily humble young men who are consistently working to support each other and their classmates; the quality of their character becomes visible within just a few moments of speaking with them. They will both cross the stage in May with a high school diploma and two Associate’s Degrees each from Vance-Granville Community College – a first for the high school.

According to Early College Principal, Erica Shoulders-Royster, when she joined the ECHS team earlier this year, the twin brothers were on her radar before she walked in the door. “Peter and Paul are two of the first students I heard about before arriving to the school,” she says adding that, “they are loved and respected by both their peers and teachers.” Shoulders-Royster is confident the two have very bright futures ahead as students and individuals, saying “the best is yet to come for these two young men and we are so very proud of their achievements.”
